Salarypredictor.py

The image shows a window titled "Salary Predictor App" with standard Windows window controls (minimize, maximize, close). The window has a light gray background. At the top, the text "Enter Exp in Years" is displayed in a large, bold, black font. Below this text is a white text input field with a black border, containing the number "12". Below the input field is a rectangular button with a black border and the text "Predict Salary" in a bold, black font. At the bottom of the window, the text "Estimated Salary = 111.05" is displayed in a large, bold, red font.
